# Terms and Conditions

**Effective Date:** 25th September 2024

This document outlines the terms and conditions for the use of my services and software. These terms also apply to any products under my username.

## 1. Acceptance of Terms

By using my services and software, you agree to the terms and conditions outlined in this document. If you do not agree to these terms, you may not use my services and software.

## 2. Use of Public Open Source Software

Open source software is available in my GitHub repository and is mostly licensed under the GNU General Public License v3.0. You are free to use, modify, and distribute the software under the terms of the license.

- You may fork the repository and modify the software to suit your needs.
- Using my open source software is allowed in commercial projects and for educational purposes.
- You may not use my software for illegal activities.
- You may not use my software for the creation of biological, nuclear, chemical, or any other weapons of mass destruction.
- Open source software is provided "as is," without any warranty, and I am not liable for any damages caused by the software.
- Licenses for the software are provided in the repository. If they are not provided, please create an issue on the repository.

## 3. Use of Closed Source Software

Closed source software is privately developed software that does not have the source code available to the public. The source code for some of these projects may be available at a later date. By using closed source software under my username, you must agree to the following terms:

- Closed source software can be used for educational purposes.
- Commercial use of closed source software may be allowed; please check the included LICENSE file with the software package.
- Closed source software must not be decompiled or reverse engineered.
- Closed source software must not be used for illegal activities.

- Closed source software must not be used for the creation of biological, nuclear, chemical, or any other weapons of mass destruction.
- Closed source software is provided "as is," without any warranty, and I am not liable for any damages caused by the software.

## 4. Harassment

Harassment targeted at me or on my services will not be tolerated. This includes, but is not limited to:

- Hate speech (Racial, Sexual, Religious, Homophobia, Transphobia, Anti-furry, Ableism)
- Threats of violence
- Doxxing (Threats and actions of revealing personal information)
- Stalking
- Sexual harassment
- Bullying

## 5. Hacking and Breaching of Security

Hacking and breaching security on my services are not allowed.

### 5.1 General

- You may not attempt to gain unauthorized access to any part of my services.
- You may not attempt to disrupt the services in any way.
- Attempting to hack or breach security on my services will result in a permanent ban.

### 5.2 Security Vulnerabilities

If you find a security vulnerability in my services, you can create a GitHub issue in the repository or contact me directly.

### 5.3 DDoS Attacks

Distributed Denial of Service (DDoS) attacks are not allowed on my services. My website is protected by Cloudflare, and DDoS attacks will be mitigated. During a DDoS attack, the website may be unavailable, or you may be presented with a CAPTCHA page.

### 5.4 Legal Action

If you are found to be hacking or breaching security on my services, I reserve the right to take legal action against you.

## 6. Privacy Policy

I do not collect any personal information from users of my software. However, some of my software may use third-party services that may collect data. Please refer to the privacy policy of the third-party service for more information.

## 7. Changes to Terms and Conditions

I reserve the right to change these terms and conditions at any time. Any changes will be effective immediately upon posting the revised terms and conditions. Your continued use of my services and software after the posting of the revised terms constitutes your acceptance of the changes.

Your Privacy Policy is clear and well-structured! Here are a few minor suggestions for clarity and consistency, along with some formatting adjustments:

## Privacy Policy

**Effective Date:** 25th September 2024

This Privacy Policy outlines how my services and software may collect, use, and store data. By using my services and software, you agree to the terms outlined in this Privacy Policy.

### 1. Information Collection

When using my website or software, the following information may be collected:

- IP Address
- Geolocation
- Browser Information
- Device Information

This data is primarily collected by Cloudflare.

### 2. Use of Information

Data collection is used for the following purposes:

## 2.1 Analytics

Data may be collected to understand how many users are utilizing my services and software. This includes geolocation and browser information.

## 2.2 Security

If Cloudflare detects any malicious activity, it may collect data to protect the website from attacks. This data may include:

- IP Address
- Geolocation
- Browser Information
- Type of Attack

## 2.3 Data Sharing

I do not share any data collected with third parties.

## 2.4 Cookies

My website may use cookies to store information about your preferences. No personal information is stored in cookies.

## 3. Data Retention

Data collected is stored for a limited period and is automatically deleted after a certain duration.

## 4. Changes to Privacy Policy

I reserve the right to change this Privacy Policy at any time. Any changes will be effective immediately upon posting the revised Privacy Policy. Your continued use of my services and software after the posting of the revised Privacy Policy constitutes your acceptance of the changes.
